

M⁴ Dear Harold,

I really do need page 96 of PM. I was able to make out the first lines, which I cited to you for identification only, but the entire ~~1~~ page is bad - i.e., can not be copied. So, please send me a good copy.

If you wish, I can send one copy of both parts to the \$25 purchaser directly, special handling and insured, if you give me the address.

Paul.
